HOME PROGRAM REQUIREMENTS:

Low HOME Fixed Units

Upon recertification, if household income has increased above the current very low (50%) income limit, but not above the low (80%) income limit, the property is temporarily out of compliance until either:

- A High HOME rent unit can be re-designated as a Low HOME rent unit, or
- The unit occupied by the over income household is vacated and can be rented to the next qualified very low income household.

The following action is taken for the over-income household:

- The unit retains the Low HOME status, and rent is not increased above the Low HOME limit *until* a High HOME rent unit vacates (regardless of bedroom size) and can be re-designated as Low HOME. Once the re-designation occurs, the over-income household rent may be increased to the High HOME rent, in accordance with lease terms.

Upon recertification, if household income has increased above the current low (80%) income limit, the property is temporarily out of compliance until the over-income tenant vacates and a new income-eligible household moves in. The following action is taken for the over-income household & unit:

- Tenant rent may be raised as soon as possible, in accordance with lease terms. The rent of the over income household will be adjusted to the lesser of:
 - The rent amount payable under state or local law; Or
 - 30% of the tenant's monthly adjusted family income
- Management will designate the next vacated High HOME unit, regardless of bedroom size, as Low HOME. To be occupied by a qualified very low income household. The unit occupied by the over-income household will be re-designated as a High HOME rent unit.

Fair Housing and Equal Opportunity Reasonable Accommodation (Section 504)

No person shall be discriminated against based on race, color, creed, religion, sex, national origin, age, sexual orientation, disability, income source, or familial status. These requirements apply to: (1) accepting and processing applications; (2) selecting tenants from among eligible applicants; (3) assigning units; and (4) certifying and recertifying eligibility for assistance.

The following is an overview of CCHC's policies under the Rehabilitation Act of 1973 (Section 504) and Fair Housing Act:

1. Adopt and implement procedures to assure qualified individuals with disabilities are not discriminated against on the basis of their disability, and to ensure they have equal opportunity to receive and enjoy the benefits of living in a project.
2. Adopt and implement procedures to effectively communicate with applicants, tenants and members of the public who are individuals with disabilities.
3. Permit individuals with disabilities to use assistive devices (i.e., service animals).
4. Accommodate requests from applicants and tenants to make units, facilities, and programs accessible and usable to persons with disabilities.
5. Accommodate requests from applicants and tenants for reasonable accommodations in rules, policies, practices and services when such accommodations are necessary to afford a disabled person equal opportunity to use and enjoy a dwelling unit, including all public and common areas.
6. Make adjustments to rules, policies and practices for qualified individuals with disabilities to ensure the policies and practices do not discriminate on the basis of a disability.

CCHC is not required to make alterations or adjustments that would result in undue administrative and financial burdens, or are fundamental alterations in the nature of the program. In some circumstances, the undue burdens could be primarily financial and, in other circumstances, the undue burdens could be primarily administrative.

REASONABLE ACCOMMODATIONS:

CCHC is committed to ensuring that its policies and procedures do not deny individuals with disabilities the opportunity to participate in, or benefit from, nor otherwise discriminate against individuals with disabilities, on the basis of disability, in connection with the operations of programs, services and activities.

Therefore, if an individual with a disability requires an accommodation or modification such as an accessible feature or modification to a policy, CCHC will provide such accommodation unless doing so would result in a fundamental alteration in the nature of the program; or an undue financial and administrative burden. In such a case, CCHC will accept another accommodation or modification that would not result in a financial or administrative burden.

A reasonable accommodation is a change, modification, alteration or adaptation in policy, procedure, practice, program, or facility that provides a qualified individual with a disability the opportunity to participate in, or benefit from, a program (housing or non-housing) or activity.

A reasonable modification is a structural change made to existing premises, occupied or to be occupied by a person with a disability, in order to afford such person full enjoyment of the premises. This can include changes to the dwelling unit, common and public use areas. Examples would be accessibility features for persons in wheelchairs, installing grab bars in bathrooms, lowering cabinets and adding entrance ramps.

Reasonable accommodation or modification methods or actions that may be appropriate for a particular program and individual may be found to be inappropriate for another program or individual. The decision to approve or deny a request for a reasonable accommodation or modification is made on a case-by-case basis and takes into consideration the disability and the needs of the individual as well as the nature of the program or activity in which the individual seeks to participate.
